

# KRISHNAKUMAR P

Web Developer | IT Student

kk6308608@gmail.com | +91-6381112606 | Namakkal , India | linkedin.com/in/pkrishnakumar-kk | github.com/KRISHNAKUMARP20

## CAREER OBJECTIVE

IT undergraduate with hands-on experience in full-stack web development, having built 7+ projects using React, JavaScript, and Java. Completed a Web Development internship applying real-world coding practices. Seeking a Web Developer role to design and build responsive, user-focused web applications

## AREA OF INTEREST

- Web Development
- Cybersecurity
- Networking

## EDUCATION

**B.Tech - Information Technology** 2024 - 2028

M Kumarasamy College of Engineering | CGPA: 7.4/10.0

**Higher Secondary Education (HSC)** 2023 - 2024

The Modern Academy Matric Hr.Sec School | Percentage: 72.33%

## TECHNICAL SKILLS

- **Languages:** Java, C, HTML
- **Operating Systems:** Linux (Ubuntu, Kali Linux, Parrot OS), Windows
- **Database:** MySQL
- **Tools:** GitHub, Linux Command Line

## SOFT SKILLS

- Self-Motivated
- Quick Learner
- Problem-Solving
- Adaptability

## PROJECTS

**JARVIS — AI-Powered Voice Assistant** Tech: React, TypeScript, Google Gemini API, Tailwind CSS

- Built an AI voice assistant that answers queries and performs tasks using Google's Gemini AI model
- Implemented interactive 3D visual interface using Three.js and animated UI with React
- GitHub: [github.com/KRISHNAKUMARP20/JARVIS](https://github.com/KRISHNAKUMARP20/JARVIS)
- Live: [kkjarvis.netlify.app](https://kkjarvis.netlify.app)

**Account Monitor — Data Breach Checker** Tech: React, JavaScript, REST API Integration

- Built a web app that checks if an email/account has been exposed in public data breaches using a third-party breach-check API
- Displays breach history and source reports based on real-time API responses
- GitHub: [github.com/KRISHNAKUMARP20/ACCMONITOR](https://github.com/KRISHNAKUMARP20/ACCMONITOR)
- Live: [accmonitor.vercel.app](https://accmonitor.vercel.app)

**AI Document Verification System** Tech: React, TypeScript, Google Gemini API, PostgreSQL.

- Built a system to verify and detect duplicate documents/certificates using AI-based analysis
- Implemented QR code generation and PDF export for verified certificates, backed by a PostgreSQL database

- GitHub: [github.com/KRISHNAKUMARP20/AI-Document-Verification](https://github.com/KRISHNAKUMARP20/AI-Document-Verification)
- Live: [kkaidocumentverify.vercel.app](https://kkaidocumentverify.vercel.app)

**Note:** Projects were built using AI-assisted development (Google Gemini API/AI tools) to accelerate implementation, with focus on directing architecture, features, and testing.

## INTERNSHIP / WORK EXPERIENCE

---

### **Cyber Security Intern — Kaashiv InfoTech**

May 2026 – Jun 2026

- Completed hands-on internship in Cyber Security, gaining practical exposure to security analysis and Unix/Linux system administration
- Worked with Linux commands, log auditing, network monitoring, and basic script automation
- Certificate: ISO 9001:2015 Certified Company Internship

### **Website Design and Development Intern — iStudio Technologies**

Dec 2025 – Jan 2026

- Completed hands-on training in website design and development, building responsive web pages using HTML, CSS, and JavaScript
- Collaborated on UI/UX improvements for client-facing web applications
- Certificate: ISO 9001:2015 Certified Training (Certificate No. ISWDT2289724)

## CERTIFICATIONS

---

- Gemini Certified Student — Google for Education (2026)
- Network Defense — Cisco Networking Academy (2026)
- Introduction to Industry 4.0 and Industrial IoT — NPTEL/IIT Kharagpur, Elite (2026)
- Introduction to Cyber Security — SkillUp by Simplilearn (2025)

## ACHIEVEMENTS

---

- AI Tool Workshop — Be10x (2025).
- Participated in "Mr. Coder" — EKNA '25, National Level Techno Cultural Fest, Anna University Regional Campus, Coimbatore (Oct 2025).
